- Lot 1068 Please note the description for this lot was updated on Saturday, December 11, 2021. The correct description for this lot is as follows: Modern Minton-Style Earthenware Charger Together with a Large French Renaissance Style Majolica Charger. *Circa* 1880-1900. Impressed *T.S.* small cypher otherwise unmarked, not “Together with a Large Continental Renaissance Style Majolica Charger. 20th Century. Indistinct small cypher otherwise unmarked,” as originally cataloged.
- Lot 1091 Please note the description for this lot was updated on Monday, December 13, 2021. The update is that the Minton majolica cobalt-blue ground Victoria wine cooler is partially impressed *MINTON* and has the date cypher of three waves for the year 1865. Accordingly, the date has been updated to *circa* 1865 rather than *circa* 1851, as originally cataloged, and the wine cooler is partially signed.
